## CANCELLATIONS/REFUNDS

### Recreation Programs

All Drop-in programs such as swims, skates, and fitness programs are non-refundable. In addition, passes are non-refundable.

If the program requires registration and is not drop-in, some programs are cancelled due to insufficient enrollment. If the municipality cancels a program, your preference of full refund, credit, or enrolment in another available program will be accommodated.

### **It may be necessary to cancel a course. This results from:**

- Insufficient registration to run the program
- Facilities being closed/unavailable and an alternative location not being available
- The instructor has a conflict with a specific date and a replacement instructor cannot be found
- We are experiencing severe weather conditions which has resulted in road closures and the ability of the instructor or the majority of participants to travel

All participants will be notified of the date of any known cancellations, facility closures or instructor/scheduling conflicts. In the event of road closures or emergency facility closure, participants will be contacted as soon as possible.

For programs with registration, the cancellation policy is as follows:

- Less than 24 hours - non-refundable
- 5 days prior to the program starting - full refund
- Less than 5 days' notice, but more than 24 hours notice - 50% refund
- A credit or enrollment in another program will be at no cost

### Aquatic Programs

- A full refund will be issued if notification is received 5 days prior to the beginning of the season start
- After that time and up to the start of the programs:
  - Less than 5 days' notice will be a 50% refund
  - You can move your session to another session date for no charge as long as there is space(s) available or receive credit on your account
- Within 24 hours and after the program has started, programs will be non-refundable
